READABLE
PRODUCT.**

MORE THOUGHTS FROM A SLIPPED GEAR.....Have you ever really looked at the gauges in your dashboard.? Have you paid attention to the fact that they always read in the middle of the gauge and they have more space after the needle. There is more space to expand or to go faster. I would like to think that these gauges represent the membership in OUR club. We have so many members that do run a little low, and they often have really good reasons and they try hard to do what they can. Then there are those members that run right on the expectation levels of their gauges; they are steady and responsible all of the time. These members are wonderful and dedicated and they are gift to any committee heads. Now we have those who always bumping the stop at the top. They are ready to help and don't mind heading up a committee or taking on a task, like a cruise or an event. In the mechanic's world (or in a pilot's world) you have to believe your gauges. But sometimes you need to tweek them or to adjust them so that they work a little better.

I am the mechanic or I am in the tweeker position. We had a great picnic , thanks to Lucy, who made the Spaghetti and to David, who grew the vegetables. Together they put on one of the best Picnics, Yet! To make it even better, we had a really good turnout of members. We played some games and ate a wonderful meal. Many Thanks to our Ladies for the outstanding desserts.

Then later in the month Fred and Colleen Willard lead us to a great little restaurant outside of Luckenbach and to Texas's best hamburger at Alamo Springs Cafe. I can't tell you about the burger; but the three males at my table; Dawson ate the whole burger and some fries, Vinney could not finish all of his and Opa gave up and ate only half of the bun and all of the rabbit food. Now for my taste, the fish was wonderful. Fred had the route mapped out for the visual learning among us . And he had instructions printed for those of us who needed more direction. Along the way Fred had interesting stops with things to see and enjoy. I am sorry for those who missed the cruise.

Now the gauges on these members are set at a level that we all would like reach. It is not hard to set up an event and to see it through; it takes a little courage to jump out there and try something new. You will surprise yourself as to how much fun it is to plan something and to see the reality of an idea that works and is enjoyed by everyone.

We are looking to start a new Year and with it comes 12 months, 52 weeks and 365 days in which to create and enjoy some new ideas for the club. I challenge each of you , new members included , to step up and challenge each other to create some interesting excursions. Two of our young and new members; Noah and Kyle Hinojosa have suggested to do a movie night at the stars and Stripes Drive in Theater. That will be the perfect thing to do for Spring. Now that they have the ball rolling, follow their lead., Check out the calendar and invent some crazy date to remember and surprise us with a new idea for an excuse to have some fun.

Gauges are a system of meters that we all understand,. So now take a few minutes and "tweek" your gauge so that you are ready for the 2018 year.

.....More thoughts from a slipped gear.

October 14, 2017 NBACC Minutes

The club president, Sherry Dawson called the October NBACC meeting to order. The September meeting minutes were accepted by Jan Stull and seconded by Charles Greenlaw. Marcia Hodgkins gave the treasurer's report. Marcia also reported that we received a \$50.00 refund from the IRS due to an over payment a couple of years ago. A motion was made to accept the treasury report and it was seconded. We had two new members in attendance, Noah and Kyle Hinojosa. Both their parents were also in attendance.

Swap Meet

Doyle Marshall reported that there would be the regular sign up sheet at the Christmas Party and urged everyone to sign up and do their part this year. We need everyone to participate in the swap meet.

Old Business

Billy Dawson reported that there was approximately 200 cars at the Rodders Car Show. Paul Mayer won 2nd place with his 1970 big block Nova in the street machine class.

The Frederksburg Hanger Hotel was beautiful. Everyone had a great time except that there was not enough time to see everything.

New Business

On October 21st we will have the cruise to the Alamo Springs Café which is located outside Kerville. We will meet at 9:00 in the parking lot at the New Braunfels High. Fred Willard will lead the cruise.

On November 11th we have the Veteran's Day at Kingsbury Aerodrome-picnic from 9:00 to 3:00pm. We will assemble at the Constable's office at highway 90 and IH10 at 9:00. Bring your food and drink or support the volunteers at the Aerodrome by purchasing it there.

On November 18th is our Movie Night with Charles Greenlaw at the Palace Theater in Seguin. Show time is 7:00pm. This event may be canceled because of family problem with the owners of the theater. If it is not canceled you will need to bring finger foods and any special drinks. The theater will serve popcorn and soda. The cost is \$20.00 per couple, bring your friends and family.

December 2nd is our Annual Christmas Party at the Red Barn on Cardova road in Seguin. Remember this is the time to renew your membership and sign up for the swap meet. The club member voted and it was decided to have the meal catered. More information will follow.

On December 7th we have Wasselfest in New Braunfels. We will meet at Miller Insurance as usual.

You Might Be a Redneck If...

you, your wife, and your dog
all wear matching bandanas.

You Might Be a Redneck If...

there's a lookout tower
anywhere on your property.

You Might Be a Redneck If...

you've ever tunneled
into or out of anything.

You Might Be a Redneck If...

your doggie door is
your back door, half open.

You Might Be a Redneck If...

you own more
power tools than pens.

You Might Be a Redneck If...

you think "rebooting" means
changing from hunting to steel toes.

ALAMO SPRINGS CAFE

WHAT A GREAT TOUR

Dave & Jane Mills

We had a very nice tour. There were 10 cars that went, most of which made the whole tour. Lunch was rated very highly, and the scenery and other opportunities were great. All had a good time, and most folks went home with something extra, from flowers to pies. We had only one small glitch in that Daniel's 53 needed a quick shot of starting fluid in Wimberly and it took a while to find some, but moments after finding it, we were on our way again. It is just too bad more of us did not come!

Thanks Fred for organizing and leading!

COME AND ENJOY A FUN DAY BACK IN HISTORY
HONOR OUR VETERANS ON VETERANS DAY
IN THE BEAUTIFUL KINGSBURY AERODROME
WE WILL MEET AT 8:30 AM AT THE
JUSTICE OF THE PEACE OFFICE ON hwy 90 just East of Seguin
